Goose Zone Boundaries

For Canada goose hunting, Kentucky is divided into five zones. Different season dates and/or hunting requirements apply to each zone. Use the boundary descriptions and maps below to determine the requirements for the zone in which you will hunt.

Western Goose Zone

The Western Goose Zone includes Henderson County and the portion of Kentucky west of US 60 from the Henderson-Union county line to US 641, US 641 to Interstate 24, I-24 to the Purchase Parkway and the Purchase Parkway.

Pennyroyal/Coalfield Goose Zone

cludes Muhlenberg County, Ohio County south of the Rough River, Butler County west of Hwy 79 and north of Hwy 70, and Hopkins County east of Hwys 814 and 109, south of US 41A between Hwy 814 and Madisonville, and south of Hwy 85 east of Madisonville. (See *CANADA GOOSE ZONES map*)

Northeast Goose Zone*

The Northeast Goose Zone includes: Bath, Menifee, Morgan (except that portion that lies within the Paintsville Lake WMA) and Rowan counties except that no goose hunting is permitted on public land (USFS) and water within the block of land lying inside the boundaries of Hwy. 801, Hwy. 1274, Hwy. 36, Hwy. 211, Hwy. 60 and Hwy. 826. **Note:** This area includes most of Cave Run Lake. (See *CANADA GOOSE ZONES map*)

The Eastern Goose Zone is the part of Kentucky that lies **east** of the Pennyroyal/Coalfield Zone (excluding the Northeast Goose Zone).

Blind Restrictions for Ballard Reporting Area

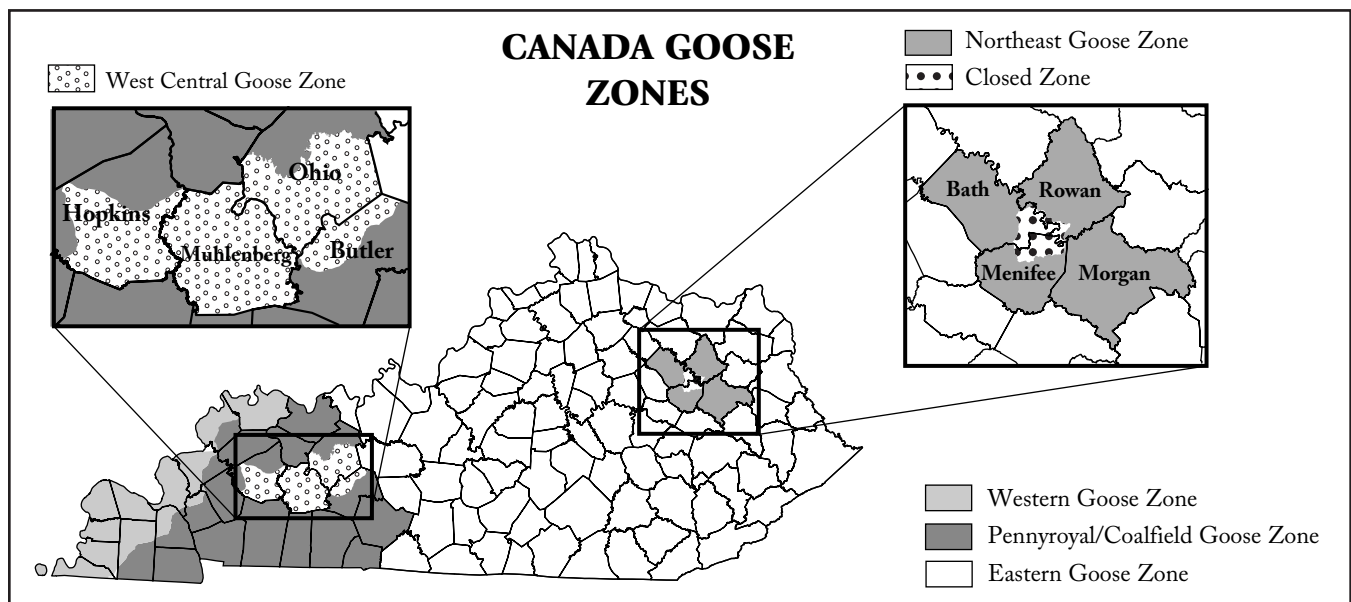

Ballard Reporting Area:

Starting at the northwest city limits of Wickliffe in Ballard County to the middle of the Mississippi River, then north along the Mississippi to the low water mark of the Ohio River along the Illinois shore to the Ballard-McCracken County line; then along the county line south to KY 358, then south along KY 358 to its junction with US 60 at LaCenter; then following US 60 southwest to the northeast city limits of Wickliffe.

All constructed or used blinds (including boats) must be at least 100 yards apart and at least 50 yards from any property line. Blind requirements are suspended during the late snow goose conservation order and the September wood duck and teal season.

Waterfowl hunters in the Ballard and (former) Henderson-Union Reporting Areas are **NO LONGER REQUIRED** to report their harvest during Canada goose season. Commercial operators must still obtain a commercial permit.

**Mandatory permits for the Northeast Goose Zone (see previous section on GOOSE SEASON DATES for details) are available from the KDFWR by calling 1-800-858-1549. Office hours are weekdays 8:00 a.m. to 4:30 p.m. EST.*

License and Permit Requirements

Hunting License: Unless license-exempt under KRS 150.170, all hunters must possess a valid Kentucky hunting license when waterfowl hunting. Persons using a license authorization number in lieu of a paper license must have the authorization number and a picture ID with them while hunting. All Kentucky residents 65 years of age and older and Kentucky residents who are certified totally and permanently disabled by the Federal Social Security Administration, by a state Workers Compensation Board, by the Kentucky Teacher's Retirement System, by the U.S. Office of Personnel Management, by the United States Railroad Retirement Board, or Kentucky resident veterans who have a permanent 50 percent disability as the result of military-related injuries are required to purchase the **Senior/Disabled combination hunting and fishing license** (\$5) and carry it while hunting or fishing. This license includes all the following state permits: deer, turkey, migratory bird, waterfowl and trout.

Kentucky Waterfowl Permit: Any person required to possess a hunting license, except children under the age of 16, taking or attempting to take waterfowl must possess a Kentucky Waterfowl Permit. The waterfowl permit covers all species of migratory birds. Those who buy a waterfowl permit, senior/disabled combination license, or Sportsman's license, **MUST COMPLETE** a Migratory Bird Harvest Survey form at the time of purchase. (This permit is included with the Senior/Disabled combination hunting

and fishing license and Sportsman's license.)

Other licenses, except junior hunting, can be purchased by calling 1-877-598-2401 (toll free). Licenses over the internet are available at fw.ky.gov.

Federal Migratory Bird Stamp: In addition to the state waterfowl permit requirement listed above, all persons age 16 or over must carry a valid federal migratory bird hunting stamp (commonly called duck stamp) to hunt waterfowl. Hunters under 16 must possess a junior hunting license but the Federal Waterfowl Stamp and Kentucky Waterfowl Permit are not required. The federal stamp must be validated by the hunter's signature written across the face of the stamp in ink.

Hunter Education: All hunters born on or after January 1, 1975, must carry a valid hunter education course completion card while hunting, in addition to the appropriate Kentucky hunting license, federal stamp and state waterfowl permit. Hunters not required to have a hunting license are not required to possess the hunter education card. Hunters under the age of 10 may hunt without a course completion card, but must be accompanied by an adult at least 18 years of age who remains in a position to take immediate control of the child's firearm.

Shot Size, Type, Shotshell Length Restrictions

U.S. Fish and Wildlife Service-approved nontoxic shot no larger than size "T" is required for all waterfowl hunting. Shot larger than size "T", or shotshells longer than 3.5 inches, **MAY NOT BE POSSESSED OR USED** while hunting waterfowl. Currently, steel, bismuth, tungsten and certain tungsten composite shotshells are approved for use. The U.S. Fish and Wildlife Service may approve other types of nontoxic shot which, if approved, will be permitted for

waterfowl hunting. **Possession or use of any lead shot or any shot not approved by USFWS while hunting or attempting to take waterfowl is prohibited statewide.**

Reporting Bird Bands

To report bird bands, call **1-800-327-BAND** (1-800-327-2263) or go online at www.pwrc.usgs.gov/bbl. All federal bird bands can be reported to this number. The toll-free number is operational 24 hours a day. Operators are available from 7:30 a.m. - 5 p.m. EST Monday through Thursday and 7:30 a.m. - 4 p.m. on Friday. In addition to state regulations, the following federal laws apply to the taking, possession, shipping, transporting and storing of migratory game birds.

NOTE: The material below is only a summary. Each hunter should also consult the actual federal regulations, which may be found in Title 50, Code of Federal Regulations, Part 20.

Restrictions:

No person shall take migratory game birds:

- With a trap, snare, net, rifle, pistol, swivel gun, shotgun larger than a 10 gauge, punt gun, battery gun, machine gun, fishhook, poison, drug, explosive or stupefying substance;
- With a shotgun capable of holding more than three shells, unless it is plugged with a one-piece filler which is incapable of removal without disassembling the gun;
- From a sink box (a low floating device, having a depression affording the hunter a means of concealment beneath the surface of the water);
- From or with the aid or use of a car or other motor-driven land conveyance, or any aircraft, except that paraplegics and single or double amputees of the legs may take from any stationary motor vehicle or stationary motor-driven land conveyance. "Paraplegic" means an individual afflicted with paralysis of the lower half of the body with involvement of both legs, usually due to disease of or injury to the spinal cord;
- From or by means of any motor boat or sail boat unless the motor has been completely shut off and/or the sail furled, and its progress therefrom has ceased;
- By the use or aid of live decoys. All live, tame or captive ducks and geese shall be removed for a period of 10 consecutive days prior to hunting, and confined within an enclosure which substantially reduces the audibility of their calls and totally conceals such tame birds from the sight of migratory waterfowl;
- Using records or tapes of migratory bird calls, or sounds, or electrically

amplified imitations of bird calls;

- By driving, rallying or stirring birds with any motor-driven land, water or air conveyance or any sail boat to put them in the range of the hunters; or
- By the aid of baiting (placing feed such as corn, wheat, salt or other feed to constitute a lure or enticement), or on or over any baited area. Hunters should be aware that a baited area is considered to be baited for 10 days after the removal of the bait.

Closed Season: No person shall take migratory game birds during the closed season.

Shooting Hours: No person shall take migratory game birds except during the hours open to shooting as prescribed.

Daily Bag Limit: No person shall take in any one day more than one daily bag limit.

Field Possession Limit: No person shall possess more than one daily bag limit while in the field or while returning from the field to one's car, hunting camp, home, etc.

Wanton Waste: All migratory game birds shall be retrieved, if possible, and retained in the custody of the hunter in the field.

Tagging: No person shall put or leave any migratory game birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: a) the hunter's signature; b) the hunter's address; c) the total number of birds involved, by species; d) the dates such birds were killed.

Tagging is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipment or taxidermy services.

Possession of Live Birds: Wounded

birds reduced to possession shall be immediately killed and included in the daily bag limit.

Dressing: No person shall completely field dress any migratory game bird (except doves and band-tailed pigeons) and then transport the birds from the field. The head or one fully feathered wing must remain attached to all such birds while being transported from the field to one's home or to a migratory bird preservation facility.

Shipment: No person shall ship migratory game birds unless the package is marked on the outside with: a) the name and the address of the person sending the birds; b) the name and the address of the person to whom the birds are being sent; and the number of birds, by species, contained in the package.

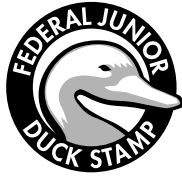

Importation: For information regarding the importation of migratory birds killed in another country hunters should consult 50 CFR 20.61 through 20.66. One fully feathered wing must remain attached to all migratory game birds being transported between the port of entry and one's home, or to a migratory bird preservation facility. No person shall import migratory game birds killed in any foreign country, except Canada, unless such birds are dressed (except as required in 20.63), drawn, and the head and feet are removed. No person shall import migratory game birds belonging to another person.

Dual Violation: Violation of state migratory game bird regulations is also a violation of federal regulations.

Caution: More restrictive regulations may apply to National Wildlife Refuges open to public hunting. For additional information on Federal Regulations, consult Assistant Regional Director-LE, U.S. Fish and Wildlife Service, P.O. Box 4839, Atlanta, Georgia, 30302-4839; phone: (404) 331-5872.
